Be forewarned that all parking spaces will be reserved within about one month of this mailing. We will maintain a standby list, and fill openings from this list as they occur. In April you will receive confirmation of your accepted entry into our show, and that is when you should make room reservations. Upon arrival in August, check in with our booth at the Bartlett parking lot, and you will receive your pre-assigned parking space number, T shirt coupon, dash plaque a schedule of the events, and other goodies to make your stay in Big Bear enjoyable.

The award ceremony on Sunday morning is one of the unique feathers of our event, because it is so special to see and hear the cars that win the awards. Thus we require the award winners to be present Sunday. If you think your car will earn an award, then you had better make plans to stay in the valley over Saturday night.
