HOW IT ALL STARTED

A Guy and a Girl called Ed & Marie Braumm were running around town in a 31 Model A Pickup. Just about every time they would stop, Someone would come over and start talking about old cars. Some had old cars and some just like to talk about them. Than BANG just like that it hit them. Lets start a old car club. They talk to several people, They seemed very interested. Than they talk to the News Papers and the Radio Station. They said great idea and they would cooperate.

We had our 1 st get together March 14, 1982 in the afternoon at the house of Braumm in the middle of a snow storm about 24 showed up. We had fun, names and games also decided to meet next month and form a club.
