December 2009

FROM THE DRIVER'S SEAT

Well, here it is December already and basically a close to 2009. The last newsletter of the year is where yours truly has re-capped what we did when we did it and how much fun we had doing it.

This year it's different. I have had the privilege of being your President for 4 years (and VP one year prior to that.) Being in the Drivers Seat certainly has its job descriptions, which some could call tedious. What isn't in the job description is

how rewarding it has been to be the leader of the best club on any mountain. To work so closely with the best people in the world, and have such a cohesive entity that just gets the job done; no matter how intensive, simple or mind boggling.

We've been the organization in which most others look up to when it comes to what we do for the community. The events we produce and the give back to charities.

But for now, it's time for me to step down so Dan can be in the Drivers Seat. He is going to do an outstanding job! But Dan knows just how many of us are riding shotgun.

Special Notice

As the Historians, we're doing a special project this winter. We've gathered up all of the old photo albums from storage and we've added a new feature on our web site. It's called "Rear View Mirror." We'll be taking some pictures and articles from each year, scanning them into a "pdf" file, named by the year, that you can click on, read, and even save if you want to! The first year, 1982 is on the web site now! Hope you all enjoy checking "Rear View" out, you may even see yourselves!!

Inland Empire Mustang – November 21, 2009

Bud Nelson, Bob Richey and Cliff Fowler attended the Inland Empire Mustang at St. Mary's Hospital on Saturday the 21st. Bud said three members went down and three members won a trophy! Looks like they had a great day!
