JULY 2018

Wake up ..... And DRIVE!!!!

## From Sam's Shop .....

Hello July...The heat has arrived in Southern California and it looks like it is not going to let up anytime soon. Break out your Amphicar (Google it if you don't know it) and go teach a worm how to swim to take a breather from the heat. With a little more than 30 days until the Fun Run its time to make sure the first couple of weeks in August are free and clear. Remember the first weekend in August is the Tour de Big Bear with our world famous bike wash station. The second weekend has a little event called the Fun Run which will take our full attention from Thursday through Sunday. If you see a public works person working in the Village thank them from the club because we couldn't do it without their help. On a more personal note drywall got delivered on Friday so I am not busy or dusty at all.

Thanks for all that you do for the club and the valley.

Remember don't go up on the tires on the big end.

## ***THE PHANTOM OF THE LAKE .....***

The Phantom would like all members to welcome Russell Lewis and Joscelyn Pierce Lewis to our car club. Joscelyn boasts a beautiful 1967 Ford Fairlane Ranchero, with a 390-cubic-inch Hi-Pro engine. It's painted in a glossy metallic teal and looks amazing, especially in the sun! Russell has a Harley Davidson motorcycle in the same color, so they can show side by side. Joscelyn's Ranchero has been fully restored-- both inside and out-- and is ready to compete in car shows.

Next car club meeting, please be sure to welcome Russell and Joscelyn to the club!

## **PHOTOS:**

Bill's 1923 Ford Model T Coupe (the "Route 66 car"), which placed 3rd at the Huntington Beach Concours d'Elegance on June 3. He didn't feel too bad losing to a 1925 Rolls Royce.....:-)

## WHO KNEW ?

### HOGWASH

Steamboats carried both people and animals. Since pigs smelled so bad they would be washed before being put on board. The mud and other filth that was washed off was considered useless "hog wash".

### CURFEW

The word "curfew" comes from the French phrase "couvre-feu", which means "cover the fire". It was used to describe the time of blowing out all lamps and candles. It was later adopted into Middle English as "curfeu", which later became the modern "curfew". In the early American colonies homes had no real fireplaces so a fire was built in the center of the room. In order to make sure a fire did not get out of control during the night it was required that, by an agreed upon time, all fires would be covered with a clay pot called-a "curfew".

## JULY Newsletter Monthly Saying / Tidbit:

- A Mechanics Warning to Bystanders.. ... Flying Tools and Offensive Language Likely
- No one EVER got sick from smoking tires
- Sometimes it's not how good you are, but how bad you want it
