THE PHANTOM OF THE LAKE

The Phantom was thinking about "My First Car," something all car club members think about, I'm sure. Cliff Fowler had a GTO that he would like to have back. Others feel the same way about their high school car. Ron Tholen had a beautiful 1957 Chevy. He built the engine Full House, 2-4s, 4-speed, fuel-injection cam. He then parked it in front of his friend's house on New Years Eve, and a drunk drove into it and totaled it. I guess fate and luck had something to do with this. There are club members that buy and sell cars for the fun of it and never become emotionally involved with the vehicles-- it's just a car. Terry and Creta Ford have owned their Model A for 8 months-- nice start! Bill Downs has owned his 1923 Model T for 60 years. He even drove it to high school. But the champion of all is Owen Miller, who has owned his 1947 Ford Coupe going on 62 years! So next time you see Owen's car, take a different look: 62 years and one owner, one driver. Pretty intense!
